Before your child starts school the following documentation must be in the school file for your child to be completely registered and attend school. All items must be on file prior to the first day of school.

- Completed school registration form
- A copy of your child's birth certificate
- Completed health history form - please answer all questions explaining answers when necessary, Note any allergies or any problems we should be aware of.
- Completed physical exam form. A physical exam within one year of school entry is required to meet state compliance.
- Copy of updated immunization record - required for school entry.
- DPT - 4 to 5 immunization dates, with the latest one **after the age of four**
- Polio - 3 to 4 immunization dates, with the last one **after the age of four**
- MMR - 2 doses - first dose given after the age of one year and second dose of MMR given at **least** one month after.
- Hep-B - 3 doses of Hepatitis B vaccine are required for children born on or after January 1, 1993. The first and second dose must be at least one month (28 days) apart. The third dose **MUST BE AFTER** the child turns six months of age.
- Varicella (chickenpox) - 2 doses - first dose at age of 1 year or older. 2nd dose at least 3 months after .
- Documentation of immunity by confirming laboratory test results is required for incoming kindergarten students if child has not received varicella vaccine.
- Please use the day, month and year for ALL immunizations.

If there is other information that you wish to share with the school staff that is not included on the health history, please add it to the bottom of the health history form.

Please remember all requirements must be completed before your child can enter school. Make any necessary appointments as soon as possible.

If you have any questions, comments, or suggestions, please call the School Nurse - Mrs. MacNeil at 529-4511.
